Question decided in committees by majority vote

- (b) Unless otherwise expressly provided herein or by resolution of the Council, all questions that come before any committee of the Council shall be decided by a majority of the committee members present and voting and in the case of an equality of votes, the question shall be deemed to be decided in the negative.

Rules of order for committees

- (c) Unless otherwise expressly provided herein or by resolution of the Council, a committee of the Council shall conduct its meetings by such rules of order as are considered just and expedient for the transaction of the business before the committee, save that the Presiding Officer of a committee may, at his or her discretion, invoke the rules of order of the Council in order to expedite the transaction of business.

Committee agendas

- (d) The agenda for a committee meeting shall be as distributed by the Secretariat under the authority of the committee Chair or in the case of the Academic Board, of the Agenda Committee, and shall set forth the items of business to be discussed at the meeting. No matter not on the agenda may be introduced unless the introduction thereof be agreed to by two-thirds of the members present and voting. The mover shall briefly indicate reasons why the matter should be introduced, but otherwise the motion shall not be debatable.

Calendar of business for subsequent meetings

- (e) A committee may by resolution determine that a matter be included on the agenda of a subsequent meeting. In addition, on written request, signed by at least 10 percent of the voting members of a committee and submitted at a meeting of the committee, a stated matter or notice of motion shall be included on the agenda of the committee's next regular meeting.

Notice of motion in the committee by a member

(f) At any committee meeting a member may give notice of a motion to be presented at a subsequent meeting of the committee. A motion of which notice is given as aforesaid, shall be considered by the committee Chair or, in the case of the Academic Board, by the Agenda Committee, for inclusion on the agenda of a subsequent meeting or other action as the Chair or the Agenda Committee, as the case may be, deems appropriate. In the case of committees reporting to or established by the Academic Board, the committee Chair may refer the matter to the Agenda Committee for determination. At the next regular meeting of the committee in which the notice of motion has been given, the Chair, or the Agenda Committee as the case may be, shall report the action taken with respect to the notice of motion. The decision of the Chair, or of the Agenda Committee, shall be subject to the provisions of clauses (d) and (e) of this section.

Meetings by telephone or other means of simultaneous or instantaneous communication

(g) At the discretion of the Chair, a committee meeting may be held by such means of telephone, or other communication facilities that permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously. A person(s) participating in such a meeting by such means is (are) deemed to be present at the meeting. In such cases, a University meeting room will be provided for members of the public who wish to hear the proceedings of the open session of the meeting. For these meetings, or portions thereof, held in closed session or *in camera*, it is expected that members will ensure that the necessary standards of confidentiality are maintained and that their participation is conducted in a setting that ensures such confidentiality.

Participation in in-person meetings by telephone or other means of simultaneous or instantaneous communication

(h) Normally, it is expected that members attend committee meetings in person. At the discretion of the Chair however, a member(s) who is (are) unable to attend in person may participate in that meeting by such means of telephone or other communication facilities that permit all members to communicate simultaneously and instantaneously. A member(s) participating in such a meeting by such means is (are) deemed to be present at the meeting. For those meetings, or portions thereof, held in closed session or *in camera*, it is expected that members participating by such means of telephone or other communication facilities will ensure that the necessary standards of confidentiality are maintained and that their participation is conducted in a setting that ensures such confidentiality.

Approval of certain confidential time-sensitive matters by electronic votes between meetings

(i) At the discretion of the Chair, a committee may be asked to consider a matter outside of a committee meeting that would normally be dealt with in closed session or *in camera* and to determine the matter by means of an electronic vote. Such matters would, in the judgment of the Chair, be time-sensitive and delay until the next regularly scheduled meeting would have an adverse effect. Such matters would also, in the judgment of the Chair, normally require little, if any, discussion prior to voting. Matters considered in this manner shall be reported at the next regular meeting of the committee and recorded in the report of that meeting. Notice of the intent to use an electronic vote for a matter shall be given by the Secretary not less than one clear day prior to distributing materials on the matter to be considered. Members with concerns, who would like an item to be discussed by the committee in advance of the electronic vote, must notify the Secretary prior to the proposed voting period. The Chair will then determine an appropriate course of action and inform the committee on the disposal of the matter.
